Special Issue on
Synthesis, Design, and Biological Evaluation of Heterocyclic Compounds

Call For Papers

A new Special Issue on Synthesis, Design, and Biological Evaluation of Heterocyclic Compounds (http://journalchemistry.org/sinfo/125013) has been launched in Science Journal of Chemistry (http://www.journalchemistry.org). This Special Issue intends to collect research achievements concerning heterocyclic compounds & their evaluation. Novel insights as well as fundamental research on the topics are warmly welcomed. Your submissions along with your ingenious works are expected.

Lead Guest Editor

Lead Guest Editor: Abdulrahman Alharbi
Affiliation: Chemistry Department, Faculty of Science, King Abdul-Aziz University, Jeddah, Saudi Arabia

Paper Submission

Potential authors are humbly requested to submit an electronic copy of their complete manuscript via http://journalchemistry.org/submission

Topics of Interest Include (but not limited to):

- Synthesis and biological evaluation of heterocyclic compounds.
- Synthesis and design of active-biological fluorinated mono, bi, tri, and poly-heterocyclic compounds.
- Separation and isolation of natural products and study their activity.
- Modification of drugs to improve their activity.
- Synthesis and biological applications of heterocyclic complexes.
- Pharmaceutical and medicinal of heterocyclic compounds.

Important Dates

Submission Deadline: Jun. 25, 2020
Publication Deadline: Aug. 25, 2020

Join as Guest Editor

For scholars who have intention to join the special issue as guest editor, please check out the link below:
